**DELTA (Large)**  
Face your future with our sense of history and a great deal of comfort. An innovative pivotal construction to eliminate rigidity, it flexes with you. And a recessed stem that's strategically placed at 2 o'clock, so it won't dig into your wrist. Water resistant to 166 feet. Leather strap and engraved stainless steel buckle. Or integrated stainless steel bracelet with adjustable safety clasp.

25233

**DELTA (Small)**  
All the features of our large Delta for smaller wrists.

Domed mineral crystal, unique flexible lug construction eliminates rigidity and discomfort. It never binds or constricts.

25228

**RENEGADE (Large)**  
For the maverick in all of us. This watch always looks like it's breaking the rules. It tells time with tritium numerals against a dark background. So when deciphering time, night or day there's "no problem." The sleek Arnitel strap is perforated for maximum air circulation and comfort, eliminating perspiration. Water resistant to 166 feet. Large black as shown. Small black or large olive.

25217

**ORIGINAL (Small)**  
The first watch to bear our name and insignia. Its bold, straightforward, easy-to-read face reflects its unique heritage and has already proven to be a classic in its own lifetime. Because it represents values that go far beyond time. Water resistant to 330 feet. Black bezel, as shown. Polished bezel. Classic red bezel, as shown on cover. All leather strap and stainless steel buckle. Or leather and nylon mesh strap. Large and small versions.

## THE WATCH THAT CONQUERED AMERICA

PREPARED FOR A LIFETIME OF FAITHFUL SERVICE, THE SWISS ARMY BRAND WATCH HAS BEEN TOOLED TO LAST WITH A STRENGTH OF CHARACTER THAT IS INTEGRATED INTO THE VERY FIBRE OF ITS DESIGN.

DESIGNED FOR EFFICIENCY, NOT FOR EFFECT, THERE ARE NO FRIVOLOUS DETAILS. EVERYTHING IS CLEAN CUT AND PRECISION ENGINEERED FOR SPLIT SECOND ACCURACY.

EACH WATCH HAS A SWISS QUARTZ MOVEMENT AND REPRESENTS THE FINEST IN SWISS CRAFTSMANSHIP. WITH EASY-TO-READ FACES, BOLD NUMERALS, HARDENED MINERAL CRYSTALS, LUMINOUS HANDS AND HOUR MARKERS, DATE CALENDAR WINDOWS AND SWEEP SECOND HANDS, THEY MARK TIME WITH SIMPLE ELEGANCE.

ALTHOUGH MANY OF THEM HAVE DISTINCT CHARACTERIS-

TICS AND FEATURES THAT SET THEM APART, THEY SHARE A HERITAGE THAT UNITES THEM. FUNCTION FIRST, FORM SECOND.

AND LIKE THE ORIGINAL SWISS ARMY KNIFE THAT INSPIRED IT, THE SWISS ARMY BRAND WATCH COLLECTION WILL LAST WELL INTO THE NEXT CENTURY.

**OFFICER'S (Large)**

So you can work and play in the same watch. Whether you're on the golf course, in the board room or at the theatre, it is totally appropriate for all dress codes. Polished and shined, it always looks first class. Water resistant to 330 feet. Extra thick leather strap and engraved stainless steel buckle. Or with stainless steel solid link bracelet with adjustable safety clasp. Each version comes large and small.

London

Rio de Janeiro

**DUAL TIME ZONE**

For those who want to be in two times at one place. The main face tells time in the first time zone. Inside a cut-out window at 6 o'clock is the second time zone featuring night and day numbers. Individually tested for water-resistance to 330 feet. With integrated stainless steel solid link bracelet and adjustable safety clasp. Or extra thick leather strap and engraved stainless steel buckle.

**CAVALRY (Large)**

Inspired by historic military field watches, it's no wonder every detail feels so authentic. Encased in a polished stainless steel case that's water resistant to 330 feet, it comes with a leather strap and bold riveted tabs that loop around the lugs. It's true to its origins in every way with a unique solid stainless steel body that fights the elements above ground or under water.

**CAVALRY (Small)**

All the same features of our larger Cavalry, but for smaller wrists.

**CHRONOGRAPH**

A complex instrument made simple. The two push buttons start, stop and reset the sweep second hand. Three mini dials show the date, elapsed time to 30 minutes and elapsed time to 12 hours. Solid stainless steel case with screw back to assure water resistance to 330 feet. Extra thick leather strap or integrated stainless steel link bracelet with removable links and adjustable safety clasp.

**OFFICER'S TWO-TONE (Small)**

For those who want a bold look accented by gold. Here's a watch that makes functional design feel luxurious. With its dramatic interplay of gold and steel, it puts in a commanding performance at all times. Water resistant to 330 feet. Integrated stainless steel solid link bracelet with gold finish and adjustable safety clasp. Or extra thick leather strap and engraved stainless steel buckle. Both versions in large and small sizes.
