1884-2009

Soldiers' Knife 1891

Officers' Knife 1897

## MILESTONES

### 1884

Karl Elsener opens a cutlery workshop in Ibach-Schwyz with the support of his mother Victoria.

### 1891

Initiated by Karl Elsener, the Swiss Cutlery Union is founded. Karl Elsener and his co-workers deliver knives for soldiers in the Swiss Army for the first time.

### 1897

The name "Swiss Officer's and Sport Knife" is legally protected on June 12. This model later becomes known around the world as the "Original Swiss Army Knife".

### 1909

Following the death of his Mother, Karl Elsener introduces the brand name "Victoria" in her honor. The company's founder legally registers the distinctive emblem with the cross and shield as a trademark. It is now a registered trademark in more than 120 countries.

### 1921

The invention of stainless steel being of central importance for the cutlery industry, Karl Elsener coins the company's new name, "Victorinox" by melding his Mother's name with "inox," an abbreviation of the French word for the characteristic of this new steel, "inoxidable".

### 1931

The Brown Boveri Company sets up the world's first fully electric heat treatment facility for Victorinox.

### 1945

The "Original Swiss Army Knife" begins its successful progression around the world and is particularly popular in US Army PX stores.

### 1979

On January 2, the previously solely-owned "Messerfabrik Carl Elsener" is converted to the family-owned stock company "Victorinox AG".

### 1984

The company doubles the size of its plant and office space with 810 employees generating revenue of more than CHF 80 million.

### 1989

Victorinox's American distribution partner enters the timepiece market in the USA under the "Swiss Army Brands, Inc." label.

### 1992

The company opens its own sales subsidiary in Japan. Further subsidiaries follow in subsequent years.

### 1999

Victorinox enters the travel gear market, issuing a manufacturing license to the American TRG Group in St. Louis.

Expanding its timepiece business, the company establishes Victorinox Watch SA in Bonfol, in Switzerland's Jura watch-making region.

### 2000

The Victorinox Foundation is set up. It holds 75% of the shares in Victorinox AG. A further 15% are held by the charitable Carl and Elise Elsener-Gut Foundation.

### 2001

Victorinox apparel is introduced in the USA. The first Victorinox flagship store opens its doors to the public in New York's trendy Soho district.

### 2002

The publicly traded US distribution partner Swiss Army Brands Inc. is privatized. The timepiece brand Victorinox Swiss Army is launched internationally.

### 2003

Victorinox takes over the US-American company Wenger NA, including the fragrance label "Swiss Army Fragrance".

### 2005

Victorinox takes over the traditional Swiss cutlery and watch manufacturer Wenger SA in Delémont in the Swiss Jura.

### 2006

Victorinox Swiss Army moves to its new watch production facility in Porrentruy, in the Swiss Jura, to meet the increasing demand and to ensure high-quality timepieces.

### 2007

Victorinox sets up Victorinox Swiss Army Fragrance AG based at its head office. The former Wenger fragrance line is repositioned in the market and is branded with the Victorinox emblem.

### 2008

The company's first European Flagship Store opens on London's New Bond Street.

### 2009

Geneva City hosts first Victorinox Flagship store in Switzerland. 125 years after its foundation, Victorinox now employs more than 1700 employees worldwide and generates revenues of around CHF 500 million.

### **“YOUR COMPANION FOR LIFE”**

Victorinox products are conceived, designed and built to accompany us all through life. Purposeful, reliable, their functional esthetic appeals to our rational side. But they also conquer our hearts and they deliver more than we expect of them. Whatever your particular selection – from high-quality Victorinox household and professional cutlery to precision Swiss-made timepieces; from our fashionable, functional apparel and rugged travel gear to our unmistakable fragrances – each Victorinox product embodies the spirit of the legendary Original Swiss Army Knife. Emerging from Karl Elsener’s cutlery workshop in 1891, it remains to this day an icon recognized the world over as a symbol of quality, functionality and continuous success.

### **WHEREVER YOU ARE, A PIECE OF SWITZERLAND IS WITH YOU**

Inherent in every Victorinox Swiss Army item is an intangible. A certain “Swissness” if you will. And something more. Each of these products is an expression of the Victorinox philosophy: Flawless quality combined with great reliability. Consistent functionality combined with innovation. Refinement combined with absolute perfection and iconic design. These are the solid values and the spirit of the Original Swiss Army Knife perpetuated in the Victorinox Swiss Army timepieces.

## ALPNACH POWER GAUGE LIMITED EDITION

### Alpach; the spirit of the Cougar Helicopter

The Alpach chronograph has become famous thanks to its “second indicator” having the exact same shape as the rotor of the Cougar helicopter of the Swiss Air Force. The Air Force Base is located in Alpach, in the Swiss Alps.

To celebrate the success of this aviation inspired timepiece, a very special edition of 532 units equipped with a rare version of the Valjoux 7750 movement. An additional mechanism monitors the level of charge of the barrel and displays the power reserve on a 4th subdial: the Power Gauge.

The number 532 has been chosen according to the model number of the Eurocopter Cougar aircraft equipping the Swiss Air Force.

### ALPNACH POWER GAUGE LIMITED EDITION

Mechanical self-winding movement (Valjoux 7750) with Limited Edition decoration on the movement: Côtes-de-Genève and Victorinox Swiss Army logo on the oscillating mass, blue screws

Chronometer quality

Sectorial power reserve indication

241382 – Ø 43.5 mm

### How do you celebrate history?

#### By creating more of it.

A momentous year for Victorinox, 2009 is especially so for Victorinox Swiss Army timepieces. The 125th year since the first knife emerged from Karl Elsener's cutlery factory is also the 20th year since the introduction of the first Swiss Army timepiece.

As we take pride in these historic milestones, we also take pleasure in presenting you with two special edition pieces: the Infantry Vintage Jubilee Edition which is being produced exclusively in 2009 and the Travel Alarm 1884 Limited Edition which will be limited to 1,884 units worldwide. Joining their forces, the technical teams of both the knife and watch divisions have managed to apply the principle of the retractable blade to the design of this stylish and one-of-a-kind travel alarm. The resulting timepiece features the same spring effect and “click” sound as the Original Swiss Army Knife, the same red side-panels, and even includes the famous toothpick and tweezers found in all Victorinox pocket knives.

**TRAVEL ALARM 1884 LIMITED EDITION**

AIRBOSS

ALPNACH

CHRONOPRO

DIVE MASTER 500

**AIRBOSS**

Swiss-made movement  
 Stainless steel case (316L)  
 Water resistant to 100 m (10 ATM, 330 ft)  
 Scratch-resistant triple-coated anti-reflective sapphire crystal  
 Luminescent hands and numerals

**AIRBOSS MACH 4**

Mechanical manual-winding movement (Unitas 6498-2)  
 56-hour power reserve  
 Visual countdown feature activated by a bi-directional internal rotating bezel  
 Double-arrow small second hand  
 Aviator brown leather strap  
 241381 – Ø 45 mm

**AIRBOSS MACH 7**

Mechanical self-winding movement (Valgranges A07.111) with perlage and Côtes-de-Genève decoration  
 46-hour power reserve  
 Visual countdown feature activated by a bi-directional internal rotating bezel  
 Aviator brown leather strap  
 241378 – Ø 45 mm

The AirBoss series focuses on the highly demanding world of timing in aviation. High above the flight deck, from a 15-by-15 foot eagle's nest, the air boss oversees all launch, landing, and aircraft movements on an aircraft carrier. Tracking, counting down and measuring time are all vital to the many split-second decisions the air boss must make in directing the activities on the flight deck.

**NEW**  
2009

### AIRBOSS MACH 3

Quartz chronograph

Inverse chronograph with optimal thumb operation

Visual countdown feature activated by a bi-directional internal rotating bezel

**TELEMETER**

This retro-military inspired chronograph offers a function well-known among the artilleryists: the telemeter. The function indicates, when using the chronograph, the distance of the enemy by measuring the time between the light and the sound of the canon. It can also be used to measure the distance of an approaching thunderstorm.

**INFANTRY VINTAGE DAY & DATE**

Quartz  
241290 – Ø 44 mm

**INFANTRY VINTAGE**

Quartz  
241293 – Ø 38 mm

The centerpiece of this vintage collection is the olive dial color, inspired by the U.S. Army Dodge trucks from the 40's.

 Quartz  
 241162 – Ø 42 mm

### NIGHT VISION II

- Swiss-made movement
- Stainless steel case (316L)
- Water resistant to 50 m (5 ATM, 165 FT)
- Scratch-resistant triple-coated anti-reflective sapphire crystal
- Luminescent hands and numerals
- Battery end-of-life indicator

#### Lighting modes

Swiss developed and Swiss-made low consumption light module with 3 different light sources:

White LED flashlight (continuous light, signal and strobe functions)

Blue LED for dial illumination

Red LED for locator and battery end-of-life indicator (lighting system)

#### NIGHT VISION II

Quartz  
Swiss-made genuine rubber strap  
241131 – Ø 41 mm

#### NIGHT VISION II

Quartz  
241130 – Ø 41 mm

**ST-5000 WITH PATHFINDER**

Swiss-made movement  
 Lightweight titanium case  
 Water resistant to 50 m (5 ATM, 165 FT)  
 Domed shock-resistant, triple-coated anti-reflective hardened mineral crystal  
 Luminescent hands and numerals

**World première timepiece**

Key information is conveyed in an extremely practical and easy-to-understand format thanks to the use of LEDs (light emitting diodes) in universally recognised colours:

Green = right direction  
 Orange = slight deviation from course  
 Rot = wrong direction

**Module**

Swiss-developed and Swiss-made electronic module invented by Victorinox Swiss Army including a very sensitive magnetic sensor.

**ST-5000 WITH PATHFINDER**

Quartz  
 24837 – Ø 42 mm

**How to use in 3 simple steps:**

1. Find True North in the Compass Mode

2. Lock your heading

3. Keep your course in the Pathfinder Mode (Where to Go)

○ ○ ● ○ ○ on path (+/- 0-5°)  
 ○ ○ ● ● ○ off path (+/- 5-20°)  
 ● ○ ○ ○ ● off path (+/- 20-30°)  
 ● ○ ○ ○ ● off path (+/- 30-90°)

## AUTHENTICITY

If it does not have our Cross and Shield emblem and VICTORINOX SWISS ARMY on the dial, it is not an authentic VICTORINOX SWISS ARMY timepiece. Ours are the only timepieces authorized by the Swiss government to carry the name SWISS ARMY.

## WARRANTY

All VICTORINOX SWISS ARMY timepieces are covered by a 3-year limited warranty.

### COLLECTION AND DISPOSAL OF QUARTZ WATCHES AT END-OF-LIFE \*

This symbol indicates that this product must not be disposed of in household waste. It must be taken to an approved collection centre. In doing so, you will be contributing to protecting the environment and human health. The recycling of materials helps conserve natural resources.

\*Applicable in the Member States of the European Union and in countries with similar legislation in place.

We reserve the right to make technical or aesthetic changes to the models shown in this catalogue.

The Victorinox Swiss Army product offering can vary from market to market. Please consult with your Victorinox Swiss Army country representative.
